REPORT OF THE SELECTMEN
and Sewer Commissioners

Organization—The Selectmen (who are also the Sewer Commissioners) organized on January 16, 1934 with Charles P. Roundy, Chairman, Willis D. McLean, Clerk, Thomas B. Ahearn, John Dalton and James H. Daggett. During the year forty nine regular and thirteen special meetings were held.

Finances—The total net bonded debt at this date is \$434,500, having been reduced a further \$68,000 during the year. The ratio of net bonded debt to the 1934 assessed valuation (\$14,450,716) is 3.3, or about \$60.00 per capita. Outstanding short term borrowings in anticipation of 1934 revenue are \$150,000. Attention is called to the Treasurer's Report wherein it will be noted that short term borrowings were made at an interest rate as low as 0.41% per annum. This rate of interest is believed to be the lowest at which the town ever borrowed.

The Excess and Deficiency account, which serves as a reserve against uncollected taxes, shows a credit balance of \$79,324.17, a decrease of \$4,728.50 from last year, due chiefly to charges against this account for taxes on tax titles taken by the Town.

The position of uncollected taxes is less favorable than last year with approximately 13% of the 1933 levy and approximately 30% of the 1934 levy outstanding. With business conditions somewhat better than a year ago and with substantially increased Federal grants under the Emergency Relief Administration made available for our unemployed, it appears quite evident that the increased tax burden of 1934 has been a factor in the increase in uncollected taxes. This tax burden should be reduced before it leads to more serious consequences.

Valuations—Total valuations show a decline from last year of approximately \$47,000. Appropriations voted by the Town increased approximately \$30,000 and a decrease in the net revenue from the State all contributed toward a higher tax rate, referred to above. Due to the action of the Board of Assessors in declining to abide by an agreement between a Committee of Town officials and representatives of the Dewey-Almy Chemical Co. in connection with the reducing of the assessment of the Multibestos Company to insure their continued operation in Walpole, a majority of the Selectmen voted to hold a Special Town Meeting on December 10 to obtain the sentiment of the Town in the matter. Through a sense of the meeting vote, the Board of Assessors was instructed to continue last year's valuation of the Multibestos Company plant for the current year, in accordance with the agreement. A majority of the Selectmen are strongly of the opinion that to do other is to fail to fairly represent the opinion of the Town in its considered judgment of the needs of the situation.

Reserve Fund—Transfers from the Reserve Fund, as authorized during the year by the Appropriation Committee, were as follows:

Law Department	\$665.13
Workmen's Compensation Insurance	455.65
Emergency Relief Adm. Account	395.00
Collector's Expenses	153.97
Building Repairs	150.00
Selectmen's Department	109.00
Town Report	99.25
Town Treasurer's Expenses	75.00
National Bank Tax	6.63

Total	\$2,109.63
-------------	------------

Protection—On September 7, information came to the Selectmen that out-of-town sympathizers of the nation-wide textile strike then in progress might proceed to Walpole to intimidate employees of one of our local industries who were not on strike, did not intend to strike and who desired the opportunity to continue at work. The Selectmen authorized the Chief of Police to purchase necessary equipment for emergency use and to take such action as would prevent any outside interference with local employees that desired to work. The promptness with which our Police Department acted and the efficient organization which resulted undoubtedly saved Walpole from possible serious consequences.

Welfare Relief—The Welfare problem has continued difficult, notwithstanding substantial assistance from the Federal government under its Emergency Relief Administration program. On the Welfare rolls are 125 cases representing approximately 317 individuals those receiving Old Age Assistance and Soldiers Relief being included. In addition, enrolled under the Emergency Relief Administration work projects are 187 individuals, representing approximately 678 individuals. It appears, therefore that there are about 995 individuals receiving relief directly and indirectly which is substantially the same percentage for the entire county, but is less by about 30% than for the State as a whole, on the basis of population. The Town has been extremely fortunate in the efficient, painstaking care and fairness of its Welfare Board and its local Emergency Relief Administration.

Administration—No changes in the general administration of the activities of the Town were made during the year. The splendid cooperative spirit existing among the Town's employees under our jurisdiction has continued which is acknowledged with appreciation.

Sewers—Considerable progress has been made during the year in the development of our sewer system. Rules and regulations

were drawn, entrance fees for the manufacturers who had entered the main outfall sewer were fixed and assessed, a front-foot assessment determined for property owners on lateral streets and plans for securing lateral sewer construction as work projects under the Emergency Relief Administration were developed.

The action of the Town on December 11, 1933, directing the Selectmen, as Sewer Commissioners, to apply for a Federal Emergency Administration grant and loan totalling \$125,000.00, although approved by the Federal authorities, was revoked by the Town on June 9, 1934.

With funds secured from collections of entrance fees to the outfall sewer, the town voted to construct lateral sewers on Washington, East and Main Streets, this work being done by contract. Additional sewer laterals were constructed on Main, Washington, and June Streets and on Greenwood Ave. (commonly known as Glenwood Ave.) as Emergency Relief Administration projects, the Federal government paying the full labor cost and the Town providing the materials, tools, etc. At the close of the year there are approximately 6,500 feet of sewer laterals completed. It is our belief that further necessary sewer laterals can be advantageously provided under Emergency Relief Administration projects and similar agencies but that abutters should continue to have an opportunity to express their approval of additional construction before it is undertaken.

We have attempted in this report to present such pertinent facts that the citizens may be informed of the more important activities of the year and the condition of the Town's finances.

Following this report are the detailed reports of the various Departments, Town Officers and Committees, with the usual Statistics and records.

REPORT OF CHIEF OF FIRE DEPARTMENT, FIRE ALARM
SUPT., WIRE INSPECTOR AND TOWN ELECTRICIAN

To the Honorable Board of Selectmen:

During the year the fire department has responded to:

45 Box Alarms
10 Still Alarms
of which 5 were false, 1 out-of-town and 4
emergency calls.

Summary of fires for year:—

Building fires	28
Chimney fires	13
Automobile fires	7
Dump fires	2

We have laid 11,770 feet of hose and raised 1,007 feet of ladder.

Value of buildings burned	\$145,270.00
Loss on buildings burned	30,271.52
Insurance on buildings burned	158,220.00
Insurance paid on buildings burned	26,036.89
Value of contents	71,775.00
Loss on contents	38,417.49
Insurance on contents	49,750.00
Insurance paid on contents	30,773.74
Total loss on buildings and contents	65,669.01
Total insurance paid	56,610.63

I have inspected and issued the following permits:

64 Permits for storage of range oil.
30 Permits for storage of furnace oil.
4 Permits for use of dynamite
8 Permits for sale of fireworks.
4 Permits for removal of gas tanks.

I would recommend that the East Walpole engine be painted this coming year, as the rest of the equipment has been painted under the C. W. A. but we did not have time to get to the East Walpole piece before the project was dropped. Also a new hot water tank at the East Walpole station, and the outside doors of the fire houses painted. I would recommend that the town purchase a life gun as required by the laws of Massachusetts, and at a latter date a hose mask.

Four men more have completed a ten weeks course of Firemen's training under the department of Education, Commonwealth of Massachusetts. Two men have completed 10 weeks advance course at the Brookline Fire School. These men have given their time and have paid their own expenses.

Eight men have passed the Standard course of instruction in first aid to the injured under the auspices of the National Red Cross. At this time I wish to thank these men and think the town should be proud of them.

Forest Fire Dept.—We had 46 forest, grass fires this year and 2 out of town calls. Our luck seems to be with us for wet weather and getting to the fires in time. Thanks to the man at the Sharon Fire lookout and the people notifying us when they see fires, as the first few minutes is the time to get to the fire. We thank the town for the new fire truck, which was purchased for South Walpole, to replace the 1922 Ford Forest Fire truck.

The new truck is equipped to answer both Forest and house alarms. It has 100 gallons per minute pump, carries 100 gallons of water, and 800 feet of hose, and 50 feet of ladder.

Fire Alarm Dept.—I would recommend that the town see fit to install a fire alarm box at the corner of Walcott Avenue and Rhoades Avenue.

New cuples were installed this year of the latest type, which should last the average of ten years. New cable was installed at Memorial Bridge, also wires on High Plain and Common Street were rerun owing to the new road construction.

East Walpole whistle was overhauled by a Gamewell expert and hope the same will prove satisfactory for the present.

Wire Inspector—I am pleased to report that I have made 230 inspections of electrical work, and have issued 262 permits. On inspection in homes I find a great deal of amateur work being done, which is very dangerous to the owner of the property or the tenant. Please have all your work inspected and save life and property.

Town Electrician—I have had 90 work orders come through the town Engineers office and the work has been done to the best advantage of the town, also relighted the Lunch Room at the High School.

I have now completed the second term of the different duties to which I was appointed on February, 1933, and feel that I have given the town a service worth while, and hope that my request of last year will be considered this year.

In closing I want to thank the Honorable Board of Selectmen, and other Town Officers and people of Walpole for their splendid support and cooperation.

CHESTER L. DONNELL,

Dec. 31, 1934.

Chief.

**REPORT OF THE TOWN ENGINEER
AND SUPERINTENDENT OF SEWERS**

To the Honorable Board of Selectmen,

I submit herewith my report as Town Engineer and Superintendent of Sewers for the year ending December 31, 1934.

With the addition of the Federal Emergency Relief program and the sewer construction to our routine duties, it has been a very busy and interesting year, resulting in many needed public property improvements to the community.

Highway Department

Due to the severe winter considerable work was added to this department other than that planned. Nevertheless, we have completed all necessary work and have been able to do so within our appropriation, notwithstanding the advance in commodity prices.

Grants were secured from the Commonwealth for highway purposes of \$6,000.00 for continuing the re-building of High Plain Street and \$3,000.00 for Common Street. The town appropriated like amounts.

High Plain Street consists of a tar and gravel road, twenty-four feet wide with a non-skid surface. This years' construction was in two sections, from East Street to Washington Street and from the Boston-Providence Highway, Route No. 1 to the end of the 1933 construction. The drainage and water mains on this street were installed last winter with Civil Works Administration funds.

Common Street construction is of a similar type to that of High Plain Street, tar and gravel with a non-skid surface. This construction was from the Sharon line to a point opposite the residence of T. E. Kannally.

Gould Avenue was also rebuilt under an appropriation of the town. This construction was tar and gravel, the roadway being twenty feet wide and approximately 1,100 linear feet in length.

Due to the severe winter, in addition to considerable patching, the following streets had to be re-shaped and re-surfaced: South Street from Washington Street to the Multibestos; Lewis Avenue from Common Street to a point near the residence of F. A. Hartshorn; Peach Street, its entire length; Baker Street from Washington Street to a point about 200' southerly of P. R. Allen's residence; Oak Street; Pine Street from the Sharon Line to the Boston-Providence Highway and Mylod Street from Main Street to the N. Y. N. H. & H. R. R. bridge. Due to sewer construction, East Street from Main Street to Elm Street was re-shaped, graveled and re-surfaced.

The following streets were surface treated: Stone Street, from

Ellis Street to Mass. Avenue; North Street, from its intersection with Fisher Street to a point opposite the residence of T. E. Gavin; Pleasant Street, from Union Street to the Norwood line; Charles Street, its entire length; Allen Street from Spring Street to the top of the hill; Winter Street, its entire length and Washington Street from Common Street northerly approximately 2,500 linear feet.

For all road construction this year gravel was secured from the Adolph Tikofski pit near the intersection of the Boston-Providence Highway and High Plain Street.

Our crushing plant was in operation as usual and furnished stone cover for surface treatment and sand for snow removal.

Highway guard was added to the following streets: 110' on Stone Street, between the Edison Electric Ill. Co. station and the N. Y. N. H. & H. R. R.; 200' on Washington Street near its intersection with Common Street; 200' at the intersection of East and Beech Streets; 200' on Lincoln Road between the residence of Dr. Souter and the residence of Albert T. Olson; 75' at the second N. Y. N. H. & H. R. R. bridge on West Street and 150' on Brook Street near the New Pond.

Sidewalk construction consisted of Front Street from West Street to Lewis Avenue; Woodland Road its entire length; Common Street from Washington Street to a point opposite the residence of Perry Williams. Approximately 125' on Stone Street across from the Police Station also 350' on Pleasant Street between Woodland Road and Moose Hill Road were added to eliminate water from these roads running on the abutters land.

Due to the severity of the winter, snow removal, sanding of icy pavements and sidewalks presented a serious problem. Our equipment has required considerable repairs this fall but is in good condition except the tractor plow. As stated last year, it would be good economy to replace the latter, and I so recommend.

Our highway equipment is also in good condition except a Mack truck which has been in service since 1925. The large mileage on this truck, combined with the heavy work required of it, results in an increasing maintenance expense to keep it in operation. It should be replaced this coming year, both from an economical and service standpoint.

Tree Department and Insect Pest Extermination

Due to their close relation, these two departments operated jointly as in previous years, with the same personnel in both departments. Some additional trees were added to replace those damaged by vandalism. Many trees and some shrubs were added to our nursery which is being developed from year to year as a means of supplying suitable trees and shrubs for use throughout the town.

Considerable work was done in the Moth Department during the year. In January, February and March local men working for the State Department of Conservation, with Civil Work Administration funds covered large sections of the town, creosoting thousands of gypsy moth nests. Later in the year the town forces followed this creosoting with spraying. Since November 1 local unemployed, working under an E. R. A. project, have been creosoting nests in the badly infested area in North Walpole.

Our town forest and game preserve was patrolled during the forest fire season, as in previous years.

Repairs on Public Buildings

This important department has required considerable attention this year. The hard use and abuse that public buildings receive demands constant repairs.

New tubes had to be added to one of the Bird School boilers and it will be necessary to retube the remaining boiler this coming year. The entire heating system of this school is in need of immediate attention and I propose to ask for an appropriation for this purpose.

With C. W. A. funds, the Blackburn Memorial Building was painted inside and out. Other painting included the Fisher School basement, the Stone School new lunch room, part of the High School gym, the Boys' locker room at the High School, the cafeteria in the same building and miscellaneous small areas within the various municipal buildings. Following are the major improvements made in this department: Additional lighting in the High School cafeteria, new nurses room at the Stone School, police car garage in the basement of the Town Hall and repairs to the Town Hall boiler.

The heating system in the Town Hall requires repairs which should be made this coming year.

We were unable to do necessary roof repairs due to a reduced appropriation in this department. These repairs should be done next year.

Health Department

This department has operated as in previous years under the efficient and conscientious administration of Dr. William H. Maguire. One new patient was committed to the Rutland State Sanitorium and one previous case recommitted to the Norfolk County Hospital. Dr. Maguire's detailed report follows this report.

Purchasing Department

During the past year the problems and the opportunities of municipal purchasing have been considerably increased by the National Recovery program.

The establishment of codes of fair competition under this program has complicated the problems of the purchasing agent to a large extent. Nevertheless it has helped to awaken many cities and towns throughout the country to the advantages of adopting centralized purchasing departments. It is one of our most successful departments and the amount of work involved in its operation is justified by the savings incurred.

Water Department

With the exception of the work performed under the C. W. A. and E. R. A. projects, this department has operated on a maintenance program only.

In our well field, sixty wells have been cleaned, thereby increasing their output capacity. The lines from the station to these wells were checked and many leaky joints repaired.

The machinery and equipment of this department is in excellent condition and is constantly under close inspection.

Two stand pipes on High Plain Street were thoroughly cleaned inside and out, leaky seams recaulked and three coats of paint placed on both tanks. Since my last report on individual gated hydrants we have added gates to forty-three hydrants.

Under C. W. A. and E. R. A. projects, 500' of 6" water main was laid on Glenwood Avenue, 500' of 6" main on Chapman Street, approximately 300' of 6" main on Park Lane, 1000' of 6" main on Pocahontas and Shawnee Streets and 1350' of 6" main on Kendall Street.

Unemployed

The duties of this department were largely absorbed by the C. W. A. and the E. R. A. Due to certain rulings of the E. R. A. a few men were not eligible for this work relief. These men, however, were taken care of through our unemployment relief appropriations.

Civil Works Administration and Emergency Relief Programs

From January 1st to April 1st, work relief was provided by Federal government funds through the Civil Works Administration. On April 1st this program was changed and the Emergency Relief Administration substituted in its place. This new Federal relief measure differed from that of the C. W. A. in many respects. Under the C. W. A. we were allowed to place any applicant at work and the Federal Government paid his wages and a portion of the material costs. The E. R. A., however, provides no funds for material costs, demanding more town funds to carry out our projects. Also, restrictions were made as to the type of projects and eligibility of the applicant to work upon them. These restrictions materially reduced the

type of projects permitted and caused many criticisms to be received. Monthly grants of \$5,000.00 were established for Walpole but this amount was insufficient to provide relief for all our eligible unemployed. On September 1st I was able to secure an additional \$1,000.00 per month, on October 1st a further \$1,000.00 per month and on December 1st an additional \$500.000 per month. This makes our present monthly grant \$7,500.00 which is adequate for our present needs.

A list of the projects undertaken this year with the proportion of the expense borne by the town and the government follows:

Parks and Playgrounds

A large number of shrubs which were winter killed had to be removed from the park this year and considerable fill added near the Stone School, Blackburn Memorial Building and in the rear of George Corbett's residence.

Under the E. R. A. sidewalks were constructed from Stone Street to the Blackburn Memorial Building as well as in the rear of the

above building. Planting of shrubbery were made on the grounds of this building.

The swimming pool was operated as an E. R. A. project. Stanley Fisher was appointed supervisor, James Hazlett, assistant supervisor, Mrs. Chester Gove, matron and Margaret Meau, assistant matron. Its popularity may be seen from the supervisor's report elsewhere in this report.

Memorial Park has reached a point where it is necessary to secure the services of a consulting landscape architect to insure this park being one of Walpole's outstanding community developments.

An athletic field in the rear of the Plimpton School was started under an E. R. A. project. When finished this field will consist of a quarter mile track, foot ball gridiron and possibly some tennis courts.

The small plots at the street intersections as well as the Commons in the centre and at South Walpole received the same attention as in previous years.

Sewer Department

During the early part of the year the activities in this department consisted of the preparation of rules and regulations which are printed and are available to any citizen, the adoption of an office system and a study of the entrance fees to be charged to the manufacturing plants which had previously been connected to the outfall sewer.

The following manufacturers entrance fees to the Main Outfall Sewer were fixed by the Sewer Commissioners and were promptly paid to the town:

Bird & Son, Inc.	\$9,762.19
Hollingsworth & Vose Company	8,250.94
Kendall Mills	4,168.13
	<hr/>
	\$22,181.26

Transfers from this sum were made at a special Town meeting on June 19th for lateral sewer construction on Washington and East Streets. Specifications and contracts were drawn and bids called for. The opening of the bids on August 16th showed the following proposals:

Louis Balboni	\$19,765.65
N. Cibotti	19,576.50
Charles Andressi & Co.	15,282.01
National Eng. & Const. Co.	14,333.80
Dominic DiPetro	14,274.58
Dominic Romavo	13,439.67

C. Russo	11,656.45
John Williams	11,579.25
Sam Lorusso	10,637.10
A. Daddario	10,470.63

The Sewer Commissioners awarded the contract to A. Daddario of Mattapan, as low bidder, and the engineering services to E. Worthington of Dedham.

This contract construction combined with the various E. R. A. sewer projects has resulted in the following streets being sewerred: Main Street from Common Street northeasterly to the N. Y. N. H. & H. R. R. bridge consisting of 114 linear feet of 15" pipe and 1,879 linear feet of 10" pipe. East Street from the main outfall sewer to Main Street consisting of 350 linear feet of 15" pipe, Greenwood Avenue from East Street 470' easterly consisting of 470' of 8" pipe. Washington Street from the main outfall sewer to Short Street consisting of 258 linear feet of 15" pipe, 1527 linear feet of 12" pipe and 1,497' of 10" pipe, June Street from Washington Street 406' northwesterly consisting of 406 linear feet of 10" pipe. This construction has resulted in a sewer commitment of approximately \$13,000.00 in assessments. An E. R. A. project for the Bird School connection was secured.

I feel that with the construction of these sewer laterals we have taken care of our worst conditions and at comparatively small cost to the taxpayer.

An E. R. A. project for the installation of the lateral sewer on Common Street from Main Street to South Street has been approved and will be started soon. Other anticipated construction under E. R. A. projects include May Street in East Walpole and East Street, from Washington Street southwesterly about 650 linear feet.

In closing, I express my appreciation for the co-operation of the Selectmen, their constant advice and counsel being greatly valued as is the co-operation, encouragement and loyal support of my secretary, Mrs. Willis and my two clerks, Mrs. Hart and Miss O'Brien. To my loyal superintendents, foreman and workers, I also express my appreciation for their support and courtesy.

NINTH ANNUAL REPORT OF BOARD OF PUBLIC WELFARE AND OLD AGE ASSISTANCE

To the Board of Selectmen:

Many changes in Welfare work have occurred the past year. Federal and State regulations required Welfare Boards to furnish materials and make up budget deficits under the Civil Works Administration and Federal Emergency Relief Administration projects.

Unemployed obtained employment under the Civil Works Administration from January 1st until April 1st, 1934. Thereafter employment continued under Federal Emergency Relief Administration to date.

Expenditures on Welfare would have been greatly increased if these Federal projects had not been undertaken. Various Federal commodities were also distributed to needy persons through this department.

We wish to extend praise and credit to those of our citizens who, unaccustomed to the work on Federal and Welfare work have asserted their stamina and good spirit that they might retain their self respect to give value for whatever aid furnished them by the town through this Board.

Through the Town Engineer and Purchasing Agent, about 120 cords of light fire-wood were obtained from the Norfolk Prison Colony which was delivered to Welfare recipients at about \$3.00 a cord. This was a material saving in the fuel expense account. Last year and up to about February 1st, 1934, 200 tons of Federal coal were also delivered at \$2.50 a ton. Free Federal coal was discontinued from the above date and we do not expect any more the coming year.

Hospital and Doctor's bills were exceptionally high this year. Chapter 117 Section 24 provides that persons with legal settlement in a town receiving care and assistance in a hospital or elsewhere, without funds; the expenses for same are directly charged and collectable from the town of settlement. This law makes it obligatory on Welfare Boards to pay the expenses and if possible secure re-imbursement from the persons treated.

Funeral expenses were also a large item in this year's expenditure.

As referred to in last year's report, Canton and Chicopee have paid bills due the Town. One case of place of settlement, State of Massachusetts or Town of Framingham is in the hands of our Town Counsel with prospects of an early settlement of an outstanding bill.

The following persons were aided during the year:

94 families representing 268 persons, in other cities and towns,

23 persons, 1 patient at Holy Ghost Hospital, Cambridge, 2 children at Massachusetts Hospital School, 3 children at Home for Italian Children, Jamaica Plain, 1 child at Tewksbury State Hospital and 1 under Child Guardianship.

Under Old Age Assistance, 23 persons residing in Walpole and 3 with Walpole settlements outside our town were also aided.

Appropriation for Welfare, 1934: \$25,650, expended \$25,547.16 of which \$2,478.66 was spent for supplies in furtherance of Federal Emergency Relief Administration projects.

Appropriation for Old Age Assistance, 1934; \$9,750.00, expended \$9,446.51.

We recommend the same appropriations be made for both departments for 1935.

The Fire Department as in previous years, by repairing and distributing toys, brought much cheer to the children of welfare recipients during the holiday season. The Lend-A-Hand and other fraternal organizations together with First National Stores contributed generously, thereby enabling this Department to keep within our appropriations.

While many are skeptical at times and may have misgivings as to the future and are governing themselves accordingly, we believe conditions are on an upward trend and a tendency to decrease expenses in this department should result.

A detailed account of all expenditures relating to Welfare and Old Age Assistance will be found in Town Accountant's report.

Respectfully submitted,

TIMOTHY E. DELANEY,
NILLA BOCK,
HAROLD E. TOWNE.

REPORT OF HEALTH OFFICER

To F. F. Libby, Town Engineer:

The year 1934 has been uneventful in matters of public health, most duties being of a routine nature.

There have been two changes in the personnel of this department; Dr. F. X. Maguire has replaced Harry Boyden as cattle inspector and since September first, I have been doing the dental work of the schools, in place of Dr. E. J. Burke of Jamaica Plain.

The school dental program has been carried on as in former years, stressing our work upon dental education, a general health measure, then upon prophylaxis and finally correcting as many dental defects as possible, especially in children of the lower grades. This year we were able to do over two thousand (2,000) different operations.

I have contracted with the Norfolk County Hospital to take up the Chadwick T. B. Clinic work among the school children in 1935. This clinic has been carried out during the past ten years by the State Department of Public Health at a cost of over ten million (\$10,000.00) dollars. It is a very comprehensive survey of all active, suspected and border line cases of tuberculosis, consisting of complete physical and X-Ray examination; periodical check up by school and state nurses; summer camps for underweight borderline cases and hospitalization in State Sanitoriums of active cases. In the past over three hundred (300) children of Walpole have been benefited by this program.

With the work of sewer laterals going on this winter, it will be possible to clean up, by compulsion, the worst of the sewer disposal situations. Then we will get rid of a number of long standing menaces to public health.

This department should present some program to co-operate with the State Department of Public Health for the eradication of rabies among dogs. Dog bites and rabies are becoming very prevalent in this section and we should act at once as rabies can now be eliminated. I am at work on a plan to correct the condition in Walpole which I will present to the Selectmen early in the year.

Detailed reports of the various subdivisions of this department follow, also the town vital statistics which are so well kept by the Town Clerk.

I sincerely thank you for your assistance in keeping this department on a high level in 1934.

DR. WILLIAM H. MAGUIRE,

Dec. 31, 1934.

Health Officer.

REPORT OF DENTAL HYGIENIST

To Dr. William H. Maguire, Health Officer:

My report for the year is as follows:

Bearing in mind the fact that public health educators recommend education as the best means of promoting good health habits, greater emphasis is being placed on the educational part of the dental program.

All children of the elementary grades are reached, demonstrations, talks and activities are used to teach them proper knowledge, attitudes and habits, pertaining to dental health.

Remarkable are the results of some of the efforts made through education, teeth stained black and green are made white again by the simple use of the tooth brush, a little salt and soda. Children who feared the dentist become the best patients and many children anxious to have their teeth fixed earn their own money to pay for the dentist. Those visiting their family dentist are also urged on and bring back their dental certificate to their teacher.

Through the splendid co-operation of the clinic personnel, parents and teachers, 740 dental certificates were given out in June, about 71% of the elementary school enrollment. One building was entirely completed, all the children of the Plimpton School received a dental certificate.

Time as usual was spent helping the school nurse for physical examinations, T. A. T. inoculations and the Chadwick Clinic.

The number of cleanings for the year was 885.

May I take this opportunity to thank you, Dr. Maguire for your support and also all those who in any way furthered the dental program in the Walpole schools.

ALICE E. BOURASSA

Dental Hygienist.

REPORT OF MILK INSPECTOR

To Dr. William H. Maguire, Health Officer:

In 1934 the Health Department, Division of Milk and Dairy Inspection, issued thirteen permits and fifty licenses to sell milk or cream. Thirty of these were issued to stores and restaurants.

One license to maintain an establishment for the pasteurization of milk was issued. Two permits to produce and sell milk were revoked and the proper notice in each case was sent to the State Department of Public Health as well as the State Department of Agriculture.

All license fees totaling thirty five dollars were collected and turned over to the Town Treasurer. One application was refused because the supply did not come within the required thirty mile radius for production.

The usual inspection of dairies, barns, animals and analysis of milk samples has been made. Ninety samples were tested for butter fat and total solids and seventy for keeping quality and sediment.

Monthly tests are made by dealers of the milk supplied by their patrons. My files contain such records to a total of approximately seven hundred samples.

The aggressiveness of our State Milk Control Board in administering the Milk Control Law which becomes effective July 2nd has created a much easier feeling among the dairy farmers and dealers. As a result prices have been set both wholesale and retail and in turn improved conditions for handling milk from cow to consumer realized.

All farms producing milk for this town, numbering about one hundred and fifty, have met the necessary requirements to qualify for a state certificate since April 1st. Many have installed electrical refrigerating equipment. A class one dairy has been established in Sharon as the Moose Hill Dairy. This particular dairy received the highest score of all which I inspected during the past year.

The School Department has continued to use the excellent milk supplied by the Norfolk County Agricultural School which maintains a Federal Accredited Herd of pure bred animals known to be free of contagious abortion. A modern pasturizer has been recently added to the equipment of the school.

In all instances where samples of milk or cream have been tested a report has been sent to the producer or distributor or store concerned. In only three instances was the milk found below the standard requirements for butter fat, in none for quality. In the majority of cases it tested nearly four percent or better and was of class one quality as indicated by the reductose test.

REPORT OF SUPERVISOR OF SWIMMING POOL

To Mr. F. F. Libby, Town Engineer:

My report as Supervisor at the Walpole Memorial Park Pool follows:

This year the swimming pool was run under the direction of and funds from the Federal Emergency Relief Administration of the National Government. Under the Regulations of the FERA, no one was allowed to work over twenty-four hours a week. Consequently two additional attendants had to be hired, Miss Margaret Meau and Mr. James Hazlett, who were attendants at the pool with Mrs. Chester Gove and myself.

The total number of people using the pool during the summer season was 12,566, and approximately 1,000 different individuals used the pool.

Last year I recommended that the plumbing be overhauled and that the diving boards be repaired. The plumbing and chlorinator were overhauled, but the diving stands were in very poor condition all season. I hope that this year adequate funds will be provided for the repair of the diving stands and the purchase of new boards. It is quite necessary that this be done for the safety of those using the boards.

The Red Cross tests were carried on as usual, under the guidance of the local chapter of the Red Cross.

Secretary of School Committee, 1924—1929
Chairman of School Committee, 1930—1935

**AN APPRECIATION OF SERVICE TO THE
TOWN OF WALPOLE**

Mr. Benjamin D. Rogers has completed twelve years of service to the Town of Walpole as a member of the School Committee. First elected in 1923, he was made Secretary in 1924 and Chairman in 1930.

The Town is deeply indebted to him and is sorry to see him withdraw from the Committee.

As a School Committee Member, he has been conservative, yet forward-looking. He has never been given to rash or hasty introduction of unproven theories of education. He has been sound and sane in his views relating to the schools. Experience shows that his judgment has been excellent. He has been faithful, loyal and conscientious. He has had the welfare of pupils and teachers at heart, and has at all times worked for the best interests of the Town. He is the type of man the Town is glad to have on such a Board.

Regular meetings of the School Committee are held on the first Monday of each month at 7:45 P. M. in the School Committee Room in the Plimpton School. It is the wish of the Committee that anyone having suggestions, problems, or desiring information on school affairs appear before the Committee when it is in session.

The Schools have cooperated with the Norwood Hospital and Lend-A-Hand Club in their worthy projects.

The local Police Department is very solicitous as to the safety of the children and is to be commended for its work in the matter.

In connection with safety the committee takes this opportunity to remind parents that there is a school committee rule requiring all teachers to check any telephoned requests to dismiss children from school.

Transportation—The transportation of our school children has been carried on in the usual manner and one additional bus was placed in service to carry Junior High School students from North Walpole to the Bird School. The school busses are inspected every two months by an inspector from the Registry of Motor Vehicles.

Improvements—Under the C. W. A. the interior of the Plimpton School and the High School Library were painted.

The Selectmen and Town Engineer have extended their cooperation to the School Committee and amongst other things discussed the possibility of building an athletic field in the rear of the Plimpton School. A Federal grant was obtained for this purpose and a survey and layout was made by Mr. Libby, Town Engineer, with Superintendent Jones' cooperation. The field when completed will have a cinder track, tennis courts, baseball, and football field. This was made possible by the generosity of Mr. George A. Plimpton in donating a large tract of land for this purpose.

Due to the increase in our school population it has been necessary to use the Cafeteria at the High School for a study room. This room was tested with a Sight-Meter and it was found to be inadequately lighted for any purpose and particularly for study room use. This condition was reported to the Selectmen and the Town Engineer. The necessary wiring for the required illumination in the Cafeteria was completed by Mr. Donnell.

Tests also showed that the lighting at the Plimpton School is inadequate and that additional illumination should be obtained this year.

The roofs of the Stone and Bird Schools are in a poor condition and as a result ceilings and walls are damaged. The Stone School has needed a new roof for at least three years but the Town Engineer is handicapped in this matter by lack of funds.

The Bird School boilers were badly in need of repairs, and repairs and retubing were recommended by the Insurance Inspector. The School Committee requested the Board of Selectmen to have the aforementioned work done. The Committee of fifteen, however, investigated the boilers and made their own recommendations to the Board of Selectmen in regard to the matter. This heating system has never been satisfactory. Rooms 2 and 10 are never properly heated in cold weather. Provision should be made for the immediate change in this system to provide adequate heat throughout the building.

Graduation—The Committee decided to change the type of High School Graduation Exercises by inviting a speaker of prominence to speak to the members of the graduating class and their guests to relieve the members of the class from overwork and strain at that particular time. In consequence of this action the Committee

secured Dr. Alfred Stearns, former headmaster of Phillips-Andover Academy, to speak at the graduation exercises.

Book form diplomas with blue seal covers and small size diplomas were adopted for the first time in Walpole.

REPORT OF THE CHARLES FALES FUND SCHOLARSHIP
COMMITTEE

The Charles Fales Fund Scholarship Committee presents herein its annual report.

The following officers were elected at the December meeting.

B. D. Rogers, Chairman

R. H. Kannally, Secretary

The awarding of the scholarships is based on the following excerpt from the will of Lewis F. Fales:

"In memory of my father, one hundred thousand dollars, to be know as the "Charles Fales Fund", to the Town of Walpole, Massachusetts, provided, unless a Board of Commissioners of Trust Funds is then existing in said Town, said Town shall have created a Board of Commissioners of Trust Funds in accordance with the laws of the Commonwealth of Massachusetts within two years from the time said Town is notified by my said Trustee so to do. The income from said Funds to be used for scholarships to be paid as hereinafter provided to students male or female, of the schools of the Town who become students at any university, college or institute. Such scholarships are to be as nearly as practical each for the sum of five hundred dollars annually, and to be paid to each undergraduate or post graduate in a university, college, or institute to whom it may be awarded by a committee to be known as the "Charles Fales Fund Scholarship Committee", which committee shall consist of the Superintendent of the Schools of Walpole for the time being, the Principal of the High School of Walpole for the time being, and if there be at any time more than one High School in Walpole the Principals of each High School for the time being, and the members for the time being of the School Committee or other body having charge of the Schools of Walpole. The awards of scholarship shall be for one year and shall be made during the month of December of each and every year. Said Scholarship Committee shall keep a record of its doings and make a report to the Town at the end of each year. It shall so far as practical keep in touch with the progress and standing of each student to whom an award of a scholarship has been made. It is not my desire to hamper in any way the Committee in making their award, but there are three factors which I desire they should take into consideration,—character, scholarship, and physical and mental vigor. I also desire that students wishing to extend their education along technical lines shall, other things being equal, be given preference."

The Committee, after a careful investigation of the candidates, awarded scholarships to the following:

Grace Boothby, Simmons College

Vincent Fitzpatrick, Dartmouth College

James Gowing, Amherst College

Marion Jepson, Jackson College
Alfred McSwain, Dartmouth College
Robert Nagel, Yale University
William Schreiter, Harvard University
Cora Sharon, University of Maine
Francis Swenson, Worcester Polytechnic Institute

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the School Committee:

The history of depressions in this country shows that education has seldom suffered appreciably during the depression and that a period of economic distress has been followed invariably by marked educational activity and progress. In Walpole, the schools have not suffered materially during these recent years, due to the continued confidence and support given them by the voters and by the careful planning and administration of the Committee and administrative staff. We may safely anticipate that we will be presented with increasing opportunities for study of educationally progressive projects; the Activity Program and the Cooperative Group Plan for elementary schools are already receiving attention in many communities and merit our serious consideration.

High School Early In 1934, we undertook the construction of a Civic Curriculum—Arts Course. This four year course was designed to meet the interests, needs and abilities of a large number of high school pupils for whom the traditional courses were ill-suited. In May, an open meeting was held for discussion and explanation of the new course. A large number of interested parents attended this meeting at which Mr. Jerome Burt, State Supervisor of Secondary Education, assisted. The response to this new offering was gratifying; forty-seven entering freshmen elected it. Teachers and parents have reported that it is working out very successfully and that it is filling the need for which it was created.

This year the members of the high school faculty are engaged in preparing Courses of Study in all the subjects taught.

Teachers In addition to faculty meetings which are held in the **Meetings**—dividual school buildings for consideration of administrative and educational matters, general teachers meetings have devoted time to such topics as these: Report Card Marks and Marking Systems, Improvement of the Teaching of English in High and Elementary Schools, the Activity Program, and the Cooperative Group Plan.

Exhibition of An exhibition of the work of pupils of all the **School Work**—ary, Junior, and Senior High Schools was held in the High School Gymnasium and Domestic Science rooms in April. These exhibitions have been held regularly at four-year intervals for many years and continue to improve in all ways.

A close estimate placed the number of visitors at over two thousand. A serious attempt was made to make the exhibition a fair representation of the actual work which is being accomplished in the classrooms and various departments of the school system. The visiting public was most complimentary in its comments and criticisms.

Artificial Illumina- All classrooms and study halls have been **tion and Sight Saving**—tested for intensity of illumination both na-

tural and artificial. The testing was performed on dark days and on bright days by means of a Sight Meter, a sensitive measuring device developed in the laboratories of the Westinghouse Electric Company. As a result of the tests, additional artificial illumination has been provided in the High School Cafeteria; principals and teachers are experimenting with schemes of re-seating of pupils with a view to reducing eye- strain.

Transfer of Pupils—The increasing need for more room at the High School made necessary the transfer of pupils from the Plimpton

Junior High School to the Bird School. This transfer involved pupils living in North Walpole; one teacher was transferred to the Bird School at the same time to provide for the corresponding increase there. The seventh and eighth grades are now using five classrooms in the High School building while four classrooms are necessary for the same grades at the Bird School.

Community Use of School Facilities—Two different groups of men have had the use of the High School Gymnasium one or two evenings each week during the winter season for basketball practice and other appropriate physical exercises. Another group of men has organized an evening class in woodworking with the head of the Manual Arts Department as its instructor. The School Department is glad to extend the use of its facilities for the development of such community interests and activities.

Textbooks—After the teacher, textbooks rank next in importance in our instructional program. Pupils should have good modern textbooks. To this end, new and additional texts have been approved and adopted; these include a High School Chorus book, a Junior High School Chorus book, Physics for Civic Arts classes, Physics for College Preparatory Classes, Home Economics for Household Arts classes. Teacher Committees are now examining new books with a view of 1935 adoption of textbooks in Trigonometry, Junior High School Mathematics and Fourth Grade History.

Professional Improvement Courses—Walpole teachers are maintaining their record for improvement while in service. A large number have attended Extension Courses during the year. In this way they are enabled to keep abreast of the best in current educational practice. A list of teachers and courses taken appears on another page of this Annual Report.

Conclusion—Such progress as has been made in 1934 has been due in large measure to the spirit of cooperation which exists among all branches of the school system and I extend my thanks to all who have helped.

Respectfully,

ARTHUR C. JONES,

Superintendent of Schools.

REPORT OF THE PRINCIPAL OF THE HIGH SCHOOL

To Mr. A. C. Jones, Supt. of Schools:

I herewith submit to you my second annual report as Principal of Walpole High School.

The total enrollment at the Senior High School on December 21, 1934 was slightly larger than formerly.

Freshmen	179	Seniors	106
Sophomores	117	Post Graduates	3
Juniors	136	Total	541

The enrollment for the last five years is as follows:

1929-30	1930-31	1931-32	1932-33	1933-34
422	454	492	537	541

As a result of having the use of Room 106, we are able to house our school without overcrowding. In general the classes are not large as the following table will show. The only overcrowded condition exists in the study groups in the cafeteria. The average number of pupils per period who study here is 93. Although this number is smaller than last year, still it is too large for the best study conditions. In addition to this number of study pupils there are also small groups of pupils studying in the back of classrooms every period with one exception. Every day Room 111 has 38 pupils the fifth period and Room 110 has 27 pupils the sixth period. With the difficulties many pupils have in finding suitable accommodations for home study, I feel that a better opportunity for study in school should be provided. The installation of new lights in the cafeteria has greatly improved the lighting conditions.

This year our school is distributed as follows:

	Total No. of Pupils	Average No. in Division
English IV	119	29
English III	132	22
English II	122	24
English I	170	24
Latin	81	16
French	149	24
Mathematics	333	25
History & Civics	376	25
Chemistry	80	26
Physics	32	16
Commercial Geography	49	24
Bookkeeping	95	23
Stenography	90	30
Typewriting	163	32
Foods & Clothing	21	21

Home Management	59	14
Sewing	24	24
Cooking	55	18
Manual Arts	68	22
Freehand Drawing	71	11
Phy. Training (Boys & Girls)	191	31
Business Training	78	39
Biology	54	27
Economics	41	41
Glee Club	100	33
Orchestra	14	14
Chorus	335	111

Our teachers are teaching or supervising in the library or study halls every period in the day. They do not have time to conduct extra curricula activities during the regular school session.

Our attendance record continues high. For the last five years it has been as follows:

1929-30	1930-31	1931-32	1932-33	1933-34
96.25	96.13	96.23	96.13	96.25

Regular attendance in school is absolutely necessary to do school work successfully. Absence should be permitted only for sickness or other good cause.

Athletics are carried on with the same organization as last year with the exception that Mr. Johnson is coaching football this year. The financial condition of athletics does not show improvement. For several years we have been handicapped with a deficit. I believe our athletic activities should be self supporting. The support of athletics by the school and public has been steadily decreasing and I feel that it will be necessary to curtail some of our athletic activities in the future. We are grateful to Bird & Son for the use of the inclosed field for football and baseball. We also thank the directors of the Walpole Country Club for the use of the golf links by our golf team.

The home room teachers are continuing interviews with pupils in regard to matters of scholarship, planning for future work and adjustments to school life. I believe that the value of this activity is great.

When the building was completed ceilings were not provided on the basement floor. This has resulted in much dust sifting down into the cafeteria, sewing and cooking rooms. In those rooms above the manual training shops, school work is repeatedly interrupted by the noise of the machines used in the shops. A ceiling of sound proof nature would be of great benefit.

For a school of our size we have an excellent library. Miss New-

comb serves as librarian in addition to regular teaching. Under her direction pupils are using the library to an increased extent.

The Glee Club presented successfully the operetta "Iolanthe." In many ways it surpassed our previous attempts. Several of those taking part went to Franklin High School and gave an assembly program there consisting of selections from the operetta. Our pupils were received with enthusiasm. The Franklin High School Band gave us an enjoyable assembly program in return.

At times we hear the criticism that Walpole High School is not able to prepare pupils for college. There is no truth in such a statement. The standards of our school are as high as those of any other school. We are able to certify pupils to any college that will accept pupils by this method. This year there are 20 graduates of the class of 1934 who are attending higher institutions of learning and all are making good records.

The curricula in Civic Arts is filling a need in our school. There are 47 pupils enrolled. These pupils are able to do work which meets their needs with a degree of success which would not be possible in another curricula.

I wish to thank you and the teachers in the high school for their cooperation.

HAROLD A. STROUT,

Principal

Dec. 31, 1934.

REPORT OF THE SUPERVISOR OF ART

To Mr. Arthur C. Jones, Superintendent of Schools:

I submit my sixth report as Art Supervisor and Teacher in the public schools of Walpole.

The combined efforts of everybody have made it possible to remember a pleasant, profitable year.

The drawings displayed at the time of the recent, general exhibition were selected as representative of the progressive stages of the course outlined. Basic principles are being taught simply and reviewed until the majority of sincere students are able to do advanced work easily. The endless fascination of using lines, spots, and colors for the expression of thoughts has stimulated some scholars to a desirable perception of beauty.

The correlation of various subjects with art will provide opportunities to render detailed descriptions of ideas by means of representation resultant from understanding. Several studies and drawing may become interdependent, especially in the first six grades. The ultimate consequence will be that pupils who have been encouraged to combine memory of facts, original rendering, and imagination appropriate to the requirements may be rewarded by the acquisition of sufficient interest to enable them to derive pleasure from art as a vocation or as an avocation.

Representation and the contemplation of beauty are so closely related that everyone who becomes cognizant of the significance of drawing will develop lasting enjoyment of the beauties by which we are surrounded.

HELENA M. SAUNDERS,

Dec. 31, 1934.

Supervisor of Art.

REPORT OF THE SUPERVISOR OF MUSIC

To Mr. Arthur C. Jones, Superintendent of Schools:

In a recent book of Music Education, Dr. Mursell states that: "musical accomplishment is one of the great techniques of a happy and effective life.

"What is worth-while for leisure is an activity which will shape up many social contacts, which will mold life toward greater effectiveness, which will determine the social personality. All these values are possessed by music.

"Music can, when properly directed, exemplify what education should be at its very best, and it can discharge the great and central mission of all education, which is to raise the level of human quality."

I should like to direct attention to three evidences of growth in our music program.

First, we have adopted a new textbook for the High School. This book, "The Higher Book of Songs," edited by Foresman, has an ample variety of material, graded from songs suitable to a limited reading technique and slight singing ability, to songs demanding a high degree of reading and interpretive skill. The need for such a text indicates the degree of improvement in the several High School Choruses, and its introduction makes possible a higher standard of attainment and enjoyment.

Next, after a study of plans adopted in progressive Massachusetts schools, by vote of the Student Council, letters are to be granted to students in the orchestra. Last year a group of advanced players, practiced from an hour and a half to two hours each week in addition to the regular orchestra rehearsals, to perfect themselves in the playing of the accompaniment to the Glee Club opera. They accomplished this with a finesse which won for them the surprised approval of the professionals who assisted them. This extra practice, since it was necessary throughout the school year, represented an amount of time and personal sacrifice greater than that of any other extra-curriculum activity. The letters represent the progress of a player from average to advanced ability. A neighboring professional orchestra has asked me to place some of these players with it.

Lastly, I am working out an experiment which I hope will prove to be a permanent as well as a successful project. By uniting the advanced players from the orchestras of the high schools of Franklin, Sharon and Walpole, an all school orchestra is possible, able to perform with the satisfactory result which only a completely balanced instrumentation can afford. Such an orchestra will add to the program resources of the three schools, and it may form the nucleus of a community orchestra in which resident graduates may find scope for their maturing experiences.

I have stressed instrumental projects because it is along instrumental lines that our greatest expansion is possible. The singing and reading projects, basic to public school music, are functioning normally and evincing a steady, healthy growth.

ADELBERT H. MORSE,

Music Supervisor.

REPORT OF THE SUPERVISOR OF HOUSEHOLD ARTS

To Mr. Arthur C. Jones, Superintendent of Schools:

The most important point I should like to make in this report is the great increase in student interest in our department, especially in the high school.

I am now teaching full time in the High School (six periods daily) and due to the popularity of the Foods and Clothing as an elective subject I have four after-hour classes weekly with a total enrollment of 159 students.

Miss Schueler has a full program in the grades and Junior High School. We regret exceedingly that Clothing could not be taught in the fifth grades this year due to lack of time in our programs, but we are hoping this change for the fifth grades is only temporary.

We have followed the outlines for our classes that we left in your office.

The lunch counter has had a successful year and we hope our patrons have been pleased.

We thank all who have helped to make the year a pleasant one.

DORIS MAXFIELD,

Supervisor of Household Arts.

Dec. 31, 1934.

REPORT OF THE SUPERVISOR OF MANUAL ARTS

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my annual report as supervisor of Manual Arts.

Last year was a particularly busy one in our School shops as shown by the great variety and quality of the work exhibited last spring. One project shown at the exhibition, the fifteen foot sail-boat "Snipe", proved to be a successful and very interesting undertaking and provided a wealth of experience.

The members of the senior class in the Practical Arts course are always an interesting group to observe when evaluating the educational worth of shop work in the school program. They are skilful in the many phases of tool and machine process and wood finishing, are able to make and read orthographic projection drawing and are keenly interested in good design.

In the Practical Arts course at the Senior High School we have about seventy boys or about 25% of the total number of the boys in the High School. This large proportion is due, I think, to the belief that our shop courses have a real educational value.

ARNOLD F. GROVER,

Supervisor of Manual Arts.

REPORT OF SUPERVISOR OF PHYSICAL EDUCATION

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my annual report of the work in physical education.

The general outline of aims and plan of activities is as follows:

1. To carry on all work out of doors, as far as possible.
2. To have a balanced program of skills, rhythms, self-testing activities and games.
3. To teach activities that have a "carry-over value" and such as will be put to use in out-of-school play time.
4. To make the physical education period one of relaxation, stimulation and change.
5. To get away from old fashioned formal types of class-room activity by emphasizing big muscle, free motion exercise.

Grades I-VI

The work is graded to suit age levels; in general: from grade I through III and from grade IV through VI.

Junior High and High Schools

In junior high we start to play games of higher organization such as soccer, volley ball and baseball. The same type of game activity is carried on in high school with emphasis being placed on basketball skills, baseball skills, and field hockey.

During the winter months a rotation of activities is planned so that one of every four lessons is devoted to: marching tactics and calisthenics; folk and tap dancing; apparatus; games.

The "after-school program" consists of:

Fall: Hockey squad practice three afternoons a week.

A short schedule of inter-class hockey and soccer games.

Winter: One afternoon a week for basketball.

Spring: Inter-class baseball twice a week.

MILDRED WALLACE,

**REPORT OF THE PHYSICIAN FOR THE STONE AND
BOYDEN SCHOOLS**

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my report as school physician for the Stone and Boyden Schools. The usual physical examinations have been completed. Physical defects have been observed and recorded and notices have been sent to the parents. The administration of diph-

theria toxin-antitoxin has also been completed. The Schick tests will be done in the spring.

I am pleased with the cooperation which has been extended by the parents in correcting the physical defects of their children.

EDWARD R. DeROMA, M. D.,

Dec. 31, 1934.

School Physician.

REPORT OF THE PHYSICIAN FOR THE HIGH AND PLIMPTON SCHOOLS

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my report for 1933-34 as School Physician for the High and Plimpton Schools.

With the capable assistance of Miss Sabatis, the School Nurse, the annual physical examinations were completed early in the fall. Many of the defects found at that time are already receiving attention.

The inoculations against diphtheria have been given and we are pleased to note that the percentage of children who have received these inoculations is continually increasing.

THOMAS M. CONNELL, M. D.,

Dec. 31, 1934.

School Physician.

REPORT OF THE PHYSICIAN FOR BIRD AND FISHER SCHOOLS

To Mr. Arthur C. Jones, Superintendent of Schools:

I respectfully submit my report for the school year 1933-34. The Schools under my supervision have been reasonably free from serious disease. I have given the Schick inoculations to upward of fifty and to the same number the usual tests, six months later, when the readings were made. Eight or ten pupils have been referred to the physical culture teacher for special attention. The cooperation of the parents is praiseworthy, and therefore better results are obtainable than would otherwise be the case.

F. H. FULLER, M. D.

Dec. 31, 1934.

School Physician.

REPORT OF THE SCHOOL NURSE

To Mr. Arthur C. Jones, Superintendent of Schools:

I herewith submit my Annual Report as School Nurse for the year 1934.

Number of children examined	1,753
Number of children having diseased or enlarged tonsils	357
Number of children having Heart disease	33
Number of visits to schools	256
Number of home calls	365
Number of children weighed and measured	1,800
Number of eye and ear tests made	270
Number of children having poor eye-sight	40
Number of children having poor hearing	34
Number of eye defects corrected	10
Number of pupils excluded	118
Letters or notices sent to parents	365
Children sent to camp	2
Children having free milk	50
Number of visits to clinics	18
Toxin Antitoxin immunization	150

In addition to the usual program this year we had the Chadwick Clinic in February. All the parents co-operated very well. Following is the report:

Number of children recommended for re-examination	50
Number of children re-examined	48
Number of children improved	44
Number of children unimproved	4
Number of children X-rayed	48
Number of children recommended for camp	2
Number of children discharged from the clinic	3

I wish to express my sincere appreciation to the Superintendent, Principals and all others who have helped by their co-operation.

ANN F. SABATIS, R. N.,

REPORT OF THE TRUSTEES OF THE WALPOLE
PUBLIC LIBRARY

The Board of Trustees of the Walpole Public Library submits its annual report for the year 1934 and calls attention to the report of the Librarian, herewith presented for detailed statistics of the work of the Library.

The Board organized with Col. W. M. Whitman as chairman and Mrs. H. L. Goddard as secretary.

The staff has been the same as in 1933 with the addition of a full time librarian for the East Walpole Library: Miss Elaine Howe, a graduate of the Library course of Bridgewater Normal School.

The great event of this year in the Library history of Walpole is the opening of the East Walpole Branch Library. The funds for the purchase, renovation and equipment of this building were taken from the Charles S. Bird Fund. This full time Library was opened to the public on June 27, 1934. The use and evident appreciation of this branch library by East Walpole citizens has been most gratifying and justifies the increased expense for its upkeep.

Mr. Warren Milliken tendered his resignation as trustee in October, due to his change of residence. Mr. Milliken has rendered untiring and efficient service on this board and his resignation was much regretted. Mr. Chester H. Andrews was appointed to take his place.

The Trustees would gratefully acknowledge the faithful services of the librarians, their assistants and all those to whom the success of the Library throughout the year is due, and would thank all who have contributed either gifts or suggestions.

The expenditures of the past year appear under the report of the Town Accountant. We have submitted a detailed request to the Selectmen for an appropriation of \$9,196.50 for the upkeep of the Library in 1935.

ELEANOR W. GODDARD,
Secretary.

LIBRARIAN'S REPORT

(As submitted to the Library Trustees)

The biggest milestone which the library passed in 1934 was the opening of the East Walpole Branch in a building, and with a librarian, of its own. April 1 Miss Elaine Howe was added to our staff as Branch Librarian, carrying on in the Bird School until June 27 when the Branch opened its doors at the corner of Walcott Ave. and Union St., thereafter keeping the same hours as the Main Library. Mrs. Anne Wilson and Miss Adeline Morrissey assist Miss Howe, and the splendid reception given this improved service by East Walpole residents is shown not only by circulation statistics but also by the number of people to be seen visiting the library.

Through the system of inter-library loan, particularly from the Travelling Library at the State House, we have borrowed many books of special interest to students and research workers; books which a small library cannot afford to purchase, but which through such co-operation may be procured when needed. Our own book budget was materially increased this year so that it was possible to keep more nearly abreast of the times, even with the added necessity for buying books of reference and permanent value for the new Branch.

Early in 1934 our Historical Room was temporarily turned into a workroom where C W A workers repaired and rebound many of our books. This project proved mutually helpful as our budget provided the materials and the government the labor necessary to put back on the shelves books which otherwise would have been totally unfit for circulation.

Much benefit has been derived from meetings of the Massachusetts Library Club, which have been attended by representatives from your library during the year. In January a two-day session was held in Boston at the Public Library, in May the libraries of Andover were hosts, and in October the historical ground of Concord served as the focal point for this state in starting the program of re-acquainting the public with the facilities at their disposal in their libraries.

For it was in October that a concerted effort was made throughout the country to bring the library and its service to the attention of the public for whom it is intended. The week of October 20-27 was designated "Library Week," and Governor Ely gave his recognition and hearty approval in a message which was printed here in the Walpole Times. During the fall an attempt has been made to continue this idea and keep the people acquainted with the new books and happenings at the library through the medium of the Times, whose cooperation has been much appreciated.

November 12-16 were the dates of Children's Book Week, the slogan this year being "Ride the book trail to knowledge and ad-

venture." New books were on exhibition in the Historical Room, as well as collections of stamps and shells, puppets, and a model airplane, all made by boys and girls of Walpole.

No report would be complete without special reference to the unfailing cooperation and whole-hearted interest of the Trustees. Their advice and able judgment have been of much value in this past year with its additional problems arising from increased patronage which may not be shown by the statistics, but which is felt by those who are daily at the library.

The statistics for the year follow.

RUTH S. BALCH,
Librarian.

REPORT OF THE TOWN PLANNING BOARD

The personnel of the Town Planning Board, as elected for the year 1934, was John J. Fitzhenry, Frank A. Fisher, Willis D. McLean, Albert T. Olson and William J. Sheehan. The Board organized with John J. Fitzhenry as Chairman and Willis D. McLean as Secretary, Miss Ella B. Knobel was engaged as clerk for the year at a salary of \$100.00.

On March 6th, Mr. Albert T. Olson resigned as a member of the Board and his resignation was accepted with regret. Mr. Olson had served on the Planning Board for seven years, a period in which the Town has become "Planning Board" conscious, due in no small part to the effective thought and work of Mr. Olson. At a joint meeting of the remaining members of the Planning Board and the Board of Selectmen, Mr. Charles S. Bird, Jr. was appointed to fill the vacancy. The Board is fortunate to have Mr. Bird's services. He has made an extensive study of Planning and was largely instrumental in introducing Town Planning in Walpole.

Public hearings were held during the year on the following petitions:

Frank and Frances Wright, County Road: To change their property from Residential to Mercantile zone. Upon recommendation of the Planning Board, the Town voted to amend the Zoning By-Law to effect this change.

Various residents of Pleasant St.: To amend the Zoning Map to change the east side of Pleasant Street from Union Street to Moose Hill Road from General Residence zone to Single Family Residence zone. The Planning Board recommends that this change be made and an article to accomplish it is to be inserted in the Annual Town Meeting Warrant.

Many complaints came to the Planning Board during the year concerning an unsightly condition on a tract of land adjacent to the former location of the Walpole Inn caused by the removal of the loam and the piling of it along Main Street. After considerable investigation, it was found that there appeared to be no way in which the condition could be corrected. In order that it might be possible to prevent a repetition of a similar situation in the future, the Planning Board suggests amending the Town's Zoning By-Laws by adding a new paragraph (e) under "General Provisions, Section 15, Non-Forming Uses," as follows:

(e) "A permit for the commercial removal of sand, gravel, or loam, or for the operation of a commercial sand and gravel pit shall require as a condition that after completion of the operations the land shall be left in a condition no less valuable for development and use than it was before the commencement of operations. There shall be filed with each application for such permit a plan or map prepared at the expense of the applicant showing the existing contours of the land and the contours as they are proposed after the completion of the operations. Such plan or map must be accurately

drawn and shall contain sufficiently complete information to make the physical characteristics clear. No permit shall be issued until such a plan is filed with and approved by the Selectmen. No applicant shall carry on operations below such a grade as may be fixed by the Selectmen without on each occasion obtaining permission of the Selectmen, but a tolerance of six inches more or less shall be permitted during or at the termination of operations. A permit issued hereunder for the removal of sand, gravel or loam shall state the time within which work is to be finished and the land graded, but the Selectmen may for cause and without consent of any surety extend the permit from time to time. The Selectmen may require a bond in a sufficient penal sum with sufficient surety or sureties conditioned on the performance of these regulations and the conditions of the permit."

A public hearing was called by the Planning Board on the foregoing amendment and several citizens appeared favoring its adoption. No one appeared in opposition to it. Accordingly, the Planning Board will insert an article in the Warrant for the Annual Town Meeting to so amend the Zoning By-Law.

At a special Town Meeting held in June, the Moderator appointed the Planning Board as a committee to investigate and lay out in a plan the City Mills lots, so-called, to facilitate their being taken over by the Town in those cases where taxes were in arrears. Considerable time has been devoted to this work and a plan of the lots has been made by Mr. E. Worthington. A full report will be made to the Town early next year.

The following sidewalk program is recommended but due to the continuance of unfavorable economic conditions, construction should be subject to the need for projects under Government grant or as Town projects for the relief of the unemployed:

Curbing around second Common.

Washington St., from Bird & Son driveway to the Norwood Line.

Charles St., from Common St. to a point approximately 400 feet northeasterly.

Beacon St., from Common St. to a point approximately 400 feet northeasterly.

No. Main St., from Bullard St. southerly a distance of 1,000 feet.

Clapp St., from Common St. to Stone St.

Park Lane, from Pleasant St. to residence of Paul Guttormsen.

East St., from Main St. to School St.

Union St. south side, from Fuller Ave. to present sidewalk in front of residence of Axel H. Anderson and thence to Pleasant St.

REPORT OF AN AUDIT OF ACCOUNTS
OF THE TOWN OF WALPOLE

For the Fiscal Year Ending December 31, 1934
(Made in Accordance with the Provisions of Chapter 44,
General Laws)

January 23, 1935

To the Board of Selectmen

Mr. Charles P. Roundy, Chairman
Walpole, Massachusetts

Gentlemen:

I submit herewith my report of an audit of the books and accounts of the town of Walpole for the fiscal year ending December 31, 1934, made in accordance with the provisions of Chapter 44, General Laws. This is in the form of a report made to me by Mr. Herman B. Dine, Assistant Director of Accounts.

Very truly yours,

THEODORE N. WADDELL
Director of Accounts

Mr. Theodore N. Waddell
Director of Accounts
Department of Corporations and Taxation
State House, Boston

Sir:

As directed by you, I have made an audit of the books and accounts of the town of Walpole for the fiscal year ending December 31, 1934, and submit the following report thereon:

The financial transactions of the Town, as recorded on the books of the several departments receiving or disbursing town funds or committing bills for collection, were examined and reconciled with the books and records of the town accountant.

The books and accounts of the town accountant were examined and checked in detail. The recorded receipts were checked with the treasurer's books and departmental records, while the recorded payments were compared with the treasury warrants and the treasurer's books.

The appropriation accounts were examined, and all appropriations and transfers were checked with the town clerk's records of

town meetings and the finance committee's records of transfers authorized from the reserve fund.

The ledger was analyzed, the necessary adjustments were made, a trial balance was drawn off, proving the ledger to be in balance, and a balance sheet, which is appended to this report, was prepared showing the financial condition of the town as of December 31, 1934.

The books and accounts of the town treasurer were examined and checked in detail. The recorded receipts were analyzed and compared with the records in the several departments collecting money for the town, with the other sources from which money was paid into the town treasury, and with the records of the town accountant. The payments were checked with the selectmen's warrants authorizing the treasurer to disburse town funds and with the accountant's ledger accounts.

The cash book was footed and the cash balance on December 31, 1934, was verified by an actual count of cash in the office and by reconciliation of the bank balances with statements furnished by the banks of deposit.

The payments on account of debt and interest matured during the period audited were proved with the amounts falling due and with the cancelled securities and coupons on file. The outstanding coupons on December 31, 1934, were reconciled with the balances in the bond and coupon accounts, as shown by statements received from the banks wherein funds for maturing debt and interest are deposited.

The securities and savings bank books, representing the investments of the several trust funds in the custody of the town treasurer, were personally examined. The income was proved and the disbursements were verified.

An examination of the town insurance policies on file showed that workmen's compensation insurance was carried on town employees such as policemen, firemen, teachers, and clerks. Although the town appropriated a sum for this purpose under article nine of the adjourned annual town meeting for 1934, the provisions of the workmen's compensation insurance law, as stated in Sections 68 to 75, Chapter 152, General Laws, apply only to municipal employees classified as laborers, workmen, mechanics, and their foremen. Accordingly, the payment of premiums for insurance on employees not included in the Workmen's Compensation Act should not be made.

The books and accounts of the tax collector were examined and checked in detail. The commitments were verified and compared with the assessors' warrants for their collection, the recorded collections were checked with the payment to the treasurer as shown by the treasurer's and the accountant's books, the recorded abatements were proved with the assessors' records of abatements granted, the taxes transferred to the tax title account were compared with the treasurer's

and the accountant's records, and the outstanding accounts were listed and reconciled with the accountant's ledger.

The records of tax titles held by the town were examined and checked with the tax books and the deeds on file. Inasmuch as the deeds for the taking of property for unpaid taxes of 1932 by the town late in 1934 had not been returned from the registry at the time of this examination, the credit allowed the collector for such taking and for subsequent additions thereto, is of course subject to adjustment. In connection with the taking or purchase of tax titles for the town, it is of the utmost importance that the provisions of Chapter 60, General Laws, be followed in all details.

The computation of the tax rate for 1934 was examined and it was noted that certain appropriations from available funds were not used by the assessors in the determination of the tax rate. In this connection attention is called to Section 23, Chapter 59, General Laws, which requires that the assessors shall raise all sums appropriated since the last preceding annual tax assessment, and which also provides that deductions on account of appropriations voted from available funds in the treasury may be made by the assessors only upon the approval of the Commissioner of Corporations and Taxation. All appropriations voted by the town, whether they are to be raised by taxation or transferred from available funds in the treasury, should therefore be certified by the town clerk to the assessors, as required by Section 15-A, Chapter 41, General Laws.

The town clerk's records of town meeting votes were examined and the appropriations as recorded were checked to the accountant's ledger.

The town clerk's records of miscellaneous receipts and of dog and of sporting licenses issued were examined, and the payments to the town treasurer and to the Division of Fisheries and Game were verified.

The surety bonds on file for the town officials required by law to furnish them were examined and found to be in proper form.

The records of water charges were examined and checked. The commitments were verified, the abatements were checked, the recorded collections were compared with the payments to the treasurer, and the outstanding accounts were listed and reconciled with the accountant's ledger.

A further verification of the outstanding tax and water accounts was made by mailing notices to a number of persons whose names appeared on the books as owing money to the town, and from the replies it appears that the outstanding accounts, as listed, are correct.

In addition to the departments mentioned, the accounts of all other departments collecting money for the town or committing bills

for their collection were examined and checked to the treasurer's and the accountant's books.

Appended to this report, in addition to the balance sheet, are tables showing a reconciliation of the treasurer's cash, summaries of the tax, water, and town clerk's accounts, together with schedules showing the condition of the several trust funds.

For the courtesies and co-operation extended by the various town officials during the progress of the audit, I wish, on behalf of my assistants and for myself, to express appreciation.

Respectfully submitted,

HERMAN B. DINE,
Assistant Director of Accounts

The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole. All the requirements of the Statutes and By-Laws relating to elections and Town Meetings were complied with.

Pursuant to the foregoing warrant, at a legal meeting the inhabitants of Precinct 1, of the Town of Walpole, qualified to vote in elections, met in the Town Hall, in said Walpole, on Monday, the 15th day of January, 1934 at 6:30 o'clock in the forenoon, and the inhabitants of Precinct 2, of said Town of Walpole, qualified to vote in

elections met in the East Walpole Fire Station in East Walpole and the inhabitants of Precinct 3, of said Town of Walpole, qualified to vote in elections, met in the Community House, in South Walpole, in said Town, on the same date and at the same hour to bring in their votes for the officers and questions as called for in said warrant.

The meeting in Precinct 1 was called to order by J. Henry Ryan, Warden of said Precinct, who acted as presiding officer. He was assisted by the following election officers: Frank F. Kivlin, Frank N. Spear, Chester B. Gove, James D. Walsh, Harold L. Goddard, Peter Becker, Edward Tetreault, George H. Ryan and Hawkesworth M. Watson.

The meeting in Precinct 2 was called to order by John J. White, Warden of said Precinct, who acted as presiding officer. He was assisted by the following election officers: Frederick J. Kinsman, Bernard McCabe, William F. Geary, Albert W. Smith, Melvin E. Hixon, Arthur F. Platt and Albert Eckhert.

The meeting in Precinct 3 was called to order by Clinton P. Shufelt, Warden of said Precinct, who acted as presiding officer. He was assisted by the following election officers: Severe Auclair, Benjamin Follette and William J. Sheehan.

The meetings in each precinct were conducted in accordance with the law. The ballot boxes in the three precincts were inspected and found to be empty and the registers set at zero (0) and the keys of the ballot box at each precinct were placed in the hands of the officer of the day at each precinct.

After the close of the polls at 6:30 P. M., when all votes had been canvassed and the results determined in accordance with the provisions of law, declaration thereof was made in open town meeting and was as follows:

The total number of votes cast in Precinct 1 was.....	1346
The total number of votes cast in Precinct 2 was.....	658
The total number of votes cast in Precinct 3 was.....	150

ADJOURNED ANNUAL TOWN MEETING

February 19, 1934

Norfolk, ss:

Pursuant to the adjournment of the meeting held February 12, 1934, an adjourned Town Meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and Town Affairs, was held in the Auditorium of the High School Building on Monday, February 19, 1934, at 7:30 P. M. The meeting was called to order at 7:30 P. M. by Henry W. Caldwell, Moderator.

On motion made by Chairman of the Appropriation Committee and seconded, it was Voted: that the recommendations of the Appropriation Committee as shown in their report serve as motions at this meeting and at any adjournment thereof.

Article 6. To hear and act on the report of any Committee, to choose any Committee the Town may think proper and transact any other business that may legally come before the Town.

A motion was made "that the Compensation for the Town Accountant, Town Clerk, Town Counsel and Town Engineer shall, in accordance with Section 7 and Section 16 of the Charter, be such sums as are designated and included in the recommendations under Article 8" and on being put to a vote, the Moderator declared it was voted in the affirmative. The Moderator's decision was doubted so a standing vote was taken and after a count was made by the Tellers the result showed that 39 voted in affirmative and 111 in the negative.

The Moderator then declared that it was not a vote.

Mr. William E. Hale asked for information relative to the Report of the Equalization Committee. He stated that in reading over the report, he noted that the Committee had spoken in regard to certain town positions requiring competent people to hold same but in three positions, namely, that of Town Accountant, Collector of Taxes and Sealer of Weights and Measures, the Equalization Committee did not make a statement relative to the need of it being necessary to have competent people to hold these positions.

Mr. O'Brien then moved, "that the report of the Equalization Committee be accepted," as he felt that we were working under no motion, but the Moderator stated he would entertain his motion at the proper moment.

Mr. Valentine of the Equalization Committee then replied to Mr. Hale's question and stated that the Equalization Committee feel that the work of the Town Accountant, Collector of Taxes and Sealer of Weights and Measures needed just as good officers as any other of the town positions.

Mr. O'Brien then withdrew his motion.

Article 7. To see what compensation the Town will allow its Selectmen, Assessors of Taxes, Town Treasurer and Collector of Taxes for their services for the ensuing year, raise and appropriate money therefor, or do or act anything in relation thereto.

On motion made and seconded, it was

Voted: that the compensation of the Town's Selectmen, Assessors of Taxes, Treasurer, and Collector of Taxes shall be such sums as are designated and included in the recommendations under Article 8.

Article 8. To raise and appropriate or transfer such sums of money as may be necessary to defray the regular departmental expenses of the Town for the ensuing year.

Voted: that the sum of \$20.00 be raised and appropriated for Legislation.

Voted: that the sum of \$400.00 be raised and appropriated for Appropriation Committee.

Moved and seconded, "That the sum of \$115.00 be raised and appropriated for Town Planning Board." On motion by J. J. Fitzhenry and seconded, it was **Voted:** to amend original motion to read, "That \$200.00 be raised and appropriated for the Town Planning Board."

On motion made and seconded, it was **Voted:** that \$200.00 be raised and appropriated for the Town Planning Board.

Total	\$1,880.00
-------------	------------

Voted: that the sum of \$1,000.00 be raised and appropriated for printing the Town Report.

PROTECTION OF PERSONS AND PROPERTY

Moved and seconded, "That the sum of \$20,245.00 be raised and appropriated for the Police Department to be divided as per recommendation of the Appropriation Committee." The Chief of Police stated that an agreement had been made with the Selectmen whereby the salaries of all members of the Police Department would revert back to the 1932 schedule beginning January 1, 1934 and he offered an amendment to above motion, namely

Moved and seconded, that the sum of \$22,155 be raised and appropriated for the Police Department of which sum \$19,100 shall be for salaries of Chief and police officers and \$2,055.00 for expenses of the department. On being put to a vote, the Moderator ruled that the amendment was voted in the negative.

The original motion was then taken up and it was,

Voted: that \$20,245.00 be raised and appropriated for the Police Department to be divided as follows:

Salaries:

Chief	\$2,070.00	
Sergeants	3,870.00

-------------	-------------

Motion made that \$8,188.00 be raised and appropriated for the Fire Department to be divided as per recommendation of the Appropriation Committee.

Mr. Donnell, Chief of the Fire Department, stated that it was the understanding with the Selectmen when he took the position in 1933 that his salary would not be reduced in 1934 but rather would be

increased and stated that the Chairman of the Selectmen had an amendment to the above motion which he wished to present.

The Chairman of the Selectmen then presented the following amendment:

Moved and seconded, that the Town vote to raise and appropriate \$8,480.50 for the Fire Department divided as follows:

Salaries:	
Chief	\$2,250.00

In connection with this article the Moderator read the following letter which was received by the Town Clerk:

"East Walpole, Mass.
February 15, 1934.

Miss Katherine Higgins, Town Clerk,
Walpole, Mass.

My dear Miss Higgins:

The following resolution was passed at the meeting of the Women's Church Aid of the East Walpole Union Congregational Church February 15, 1934, representing the sentiment of over one hundred women of the community.

Resolved, that the Womens' Church Aid strongly favor the purchase of the Wednesday Club building for a library; that a copy of this resolution be sent to the town clerk, with the request that it be read at the Town Meeting when the matter comes up.

Yours cordially,

Anne L. Wilson, Sec'y"

SPECIAL TOWN MEETING

June 19, 1934

The Warrant was issued by the Selectmen, under date of June 8, 1934 and was signed by Charles P. Roundy, Willis D. McLean, Thomas B. Ahearn, John Dalton and James H. Daggett, Selectmen of Walpole. The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole.

All the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the warrant a Special Town Meeting was called to order at 8:00 P. M. June 19, 1934 by Henry W. Caldwell, Moderator.

The articles in the aforesaid Warrant were taken up and the action thereunder follow:

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To raise and appropriate or transfer such sums of money as may be necessary to defray the expenses of the Town for the balance of the municipal year.

On motion made and seconded, it was

Voted: that the Town transfer the Dog Tax for the year 1933, amounting to \$1,166.09, to the School Department.

Article 2. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper, and transact any other business that may legally come before the Town.

Mr. Willard I. Lewis asked the Selectmen for status of bus line, why busses going to Medfield do not stop at Walpole Center to take passengers. The Chairman of the Selectmen explained that Mr. Pierce of Pierce Bus Lines had applied to the Public Utilities for a hearing on this matter but date of hearing had not yet been set but he expected it very soon.

Article 3. To see if the Town will instruct the Town Treasurer, with the approval of the Selectmen, to sell certain lots of the City Mills Land Company (so known) now owned by the Town, or do or act anything in relation thereto.

Moved and seconded, "That the Town instruct the Town Treasurer, with the approval of the Selectmen, to sell certain lots of the City Mills Land Company now owned by the Town."

The Moderator appointed and swore in as Tellers Richard H. Hennessey and John J. Easton.

A standing vote was taken on above motion and resulted in Affirmative 33 and Negative 40. The Moderator declared that it was **not a vote.**

Article 4. To see if the town will vote to instruct the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

Voted: that the Town instruct the Collector in collecting sewer assessments to follow the rules and regulations of the Sewer Department.

Article 5. To see if the Town will vote to amend and supplement the vote passed at the Special Town Meeting held on December 11, 1933 whereby it was voted:—

“That there be raised and appropriated the sum of One Hundred twenty-five thousand dollars (\$125,000.00) for the purpose of extending the Main Outfall Sewer and constructing lateral sewers as a part of the Walpole Sewer System; that the Selectmen, acting as Sewer Commissioners, be authorized and directed to apply to the Federal Emergency Administration of Public Works for a grant and loan of this amount for such purposes. All money received from the Federal Government under the National Industrial Recovery Act on account of such project shall be applied to meet the appropriation herein made, and to meet the balance of said appropriation the Treasurer, with the approval of the Selectmen, shall be authorized to borrow said sum and to issue bonds on notes of the Town therefor, said bonds or notes to be payable in accordance with the National Industrial Recovery Act and, in so far as not inconsistent with said Act, in accordance with Chapter 366 of the Acts of 1933, Chapter 120 of the Acts of 1930 and Chapter 44 of the General Laws. The whole loan shall be paid in not more than thirty (30) years or at such period as may be determined by the Emergency Finance Board referred to in said Chapter 366 of the Acts of 1933,” so as to read as follows:

“**Voted:** that there be raised and appropriated the sum of One Hundred and Twenty-Five Thousand Dollars (\$125,000.00) for the purpose of extending the Main Outfall Sewer and Constructing Lateral Sewers as a part of the Walpole Sewer System; and that the Selectmen, acting as Sewer Commissioners, be authorized and directed to apply to the Federal Emergency Administration of Public Works for a grant from the United States of America and to accept such grant and to borrow from the United States of America, and/or in the discretion of the Selectmen, acting as Sewer Commissioners, from any other source or sources an amount which will not exceed one hundred and twenty-five thousand dollars (\$125,000.00) and, in connection with such borrowing, to issue and sell to the United States of America and/or to any other purchaser or purchasers bonds or notes of the Town, or both, of an aggregate principal amount of not exceeding one hundred twenty-five thousand dollars (\$125,000.00), said bonds and/or notes to be payable in accordance with Chapter 366 of the Acts of 1933 as amended by Chapter 21 of the

Acts of 1934, as amended, so that the whole loan shall be paid in not more than thirty years or at such period as may be determined by the Emergency Finance Board referred to in said Chapter 366 of the Acts of 1933 and shall bear interest at such maximum rate not exceeding four per cent (4%) per annum as may be determined by said Emergency Finance Board. All moneys so borrowed shall be applied to meet the appropriation herein made and all money received from the United States of America by way of grant on account of the sewer project herein authorized shall be applied (a) to meet the cost of said project, in which event the amount of the loan herein authorized shall be reduced by the amount of grant moneys received and so applied, or (b) to payment and cancellation of the bonds and/or notes herein authorized."

"And further Voted: That the Selectmen, acting as Sewer Commissioners, be and they are hereby authorized, in the name and behalf of the Town, to approve, execute and deliver all such instruments and to do all such other acts as they may deem necessary or advisable to carry out the provisions of the foregoing vote, including, but not being limited to the approval, execution and delivery of all instruments in connection with any loan and grant or any grant from the United States of America and with any loan from other sources."

ARTICLE 5

On motion made by the Appropriation Committee and seconded, it was

Voted: that this article be indefinitely postponed.

Affirmative 64

Negative 18

Voted: that it is the sense of this meeting that the Board of Selectmen of the Town of Walpole, acting as Sewer Commissioners, should petition the Federal Emergency Administration of Public Works for the withdrawal of their application for a grant and loan in the amount of \$125,000 as authorized by a vote at the special town meeting held on December 11, 1933.

Article 6. To see if the Town will vote to transfer from the Sewer Assessment Fund to the Maintenance of the Sewer Department the sum of \$500.00, or do or act anything in relation thereto.

Voted: that the Town transfer from the Sewer Assessment Fund to the Maintenance of the Sewer Department the sum of \$500.00

Article 7. To see if the Town will vote to transfer from the receipts of the Sewer Assessment Fund the sum of \$400.00 for the installation of sewer connections on East Street, or do or act anything in relation thereto.

Voted: that the Town transfer from the receipts of the Sewer

Assessment Fund the sum of \$400.00 for the installation of sewer connections on East Street.

Article 8. To see if the Town will vote to transfer from the Sewer Assessment Fund the sum of \$2,800.00 for the construction of a 15" lateral sewer from the Main Outfall Sewer on East Street to Main Street, or do or act anything in relation thereto.

Voted: that the Town transfer from the Sewer Assessment Fund the sum of \$2,800.00 for the construction of a 15" lateral sewer from the Main Outfall sewer on East Street to Main Street.

Article 9. To see if the Town will vote to transfer from the Sewer Assessment Fund the sum of \$14,000.00 for the construction of the Washington Street sewer laterals from the Main Outfall Sewer to a point approximately 100 feet southerly from June Street, or do or act anything in relation thereto.

Voted: that the Town transfer from the Sewer Assessment Fund the sum of \$14,000.00 for the construction of the Washington Street Lateral from the main Outfall Sewer to a point approximately 100 feet southerly from June Street.

Article 10. To see if the Town will vote to transfer from the receipts of the Sewer Assessment Fund the sum of \$1,250.00 for the installation of sewer connections on Washington Street, or do or act anything in relation thereto.

(Petition of John C. O'Brien, et al.).

ARTICLE 15

Mr. Fitzhenry for the Town Planning Board stated that no hearing had been held on the subject of this article.

Mr. John C. O'Brien presented a motion in reference to this article.

Mr. O'Brien stated that he and the town counsel had searched the General Laws and could not find that it was necessary for the Planning Board to hold a hearing on changes of zoning. Mr. Willis McLean called his attention to Chapter 269 of the Acts of 1933 which states that a hearing must be held before the Planning Board before a change in zoning is granted.

Mr. O'Brien then withdrew his motion (which was returned to him by the Moderator) and asked that this article be referred to the next town meeting.

Article 16. To see if the Town will vote to grant the Kendall Company for \$10.00 or any other amount the strip of registered land lying between the northeasterly side of Elm Street as now laid out and the land of the said Kendall Company recently purchased from the estate of Lewis F. Fales, reserving to the Town the right to keep

and maintain its water pipes as now laid in the old location of said Elm Street, and authorize the Town Treasurer on behalf of the Town to execute a deed therefor, or do or act anything in relation thereto.

Voted: that the Town grant to the Kendall Company for \$10.00 the strip of registered land lying between the northeasterly side of Elm Street, as now laid out and the land of the said Kendall Company recently purchased from the Estate of Lewis F. Fales, reserving to the Town the right to keep and maintain its water pipes as now laid in the old location of said Elm Street and authorize the Town Treasurer on behalf of the Town to execute a deed therefor.

Town Clerk of Walpole.

SPECIAL TOWN MEETING

October 8, 1934

The Warrant was issued by the Selectmen, under date of September 28, 1934 and was signed by Charles P. Roundy, Willis D. McLean, James H. Daggett, John Dalton, Thomas B. Ahearn, Selectmen of Walpole. The proper service of this Warrant was attested by Levi S. Thompson, Constable of Walpole.

All of the requirements of the Statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School in said Walpole on Monday, the eighth day of October, 1934 at 8:00 o'clock P. M.

The meeting was called to order at 8:00 P. M. by Henry W. Caldwell, Moderator.

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To raise and appropriate or transfer such sums of money as may be necessary to defray the expenses of the Town for the balance of the municipal year.

Voted: that the Town appropriate by transfer the sum of \$385.00 from the Water Dept., Cleaning Wells Account to the Town Hall Account.

Article 2. To hear and act on the report of any Committee, or to choose any Committee the Town may think proper, and transact any other business that may legally come before the Town.

No action taken under this article.

Article 3. To see if the Town will vote to appropriate by transfer the sum of \$1,500.00 from the Elm Street Sidewalk Account (raised and appropriated under article 24 of the 1933 Annual Town Meeting Warrant, no obligations having been incurred under the aforesaid appropriation) to the Water Department, or do or act anything in relation thereto.

Voted: that the Town appropriate by transfer the sum of \$1,500.00 from the Elm Street Sidewalk Account (raised and appropriated under Article 24 of the 1933 Annual Town Meeting Warrant—no obligations having been incurred under the aforesaid appropriation) to the Water Department.

Article 4. To see if the Town will appropriate by transfer the following amounts to the following accounts, or any portion thereof, to the Highway Unemployed Account; \$200.00 from the Health Department; \$717.77 from Cleaning Wells Account; \$282.23 from the Elm Street Sidewalk Foundation Account (raised and appropriated under article 21 of the 1934 Annual Town Meeting Warrant, no obligations having been incurred under the aforesaid appropriation), or do or act anything in relation thereto. (Total transfer \$1,200.00).

Voted: that the Town appropriate by transfer from the following accounts the sum of \$1,200.00 to the Highway Unemployed Account:

\$200.00 from the Health Department.

\$717.77 from the Water Department Cleaning Wells Account.

\$282.23 from the Elm Street Sidewalk Foundation Account (raised and appropriated under Article 21 of the 1934 Annual Town Meeting Warrant, no obligations having been incurred under the aforesaid appropriation).

Article 5. To see if the Town will vote to appropriate by transfer the sum of \$300.00, or any portion thereof, from Health Department to Building Repairs, or do or act anything in relation thereto.

Voted: that the Town appropriate by transfer the sum of \$300.00 from the Health Department to Building Repairs.

Article 6. To see if the Town will vote to authorize the Sewer Commissioners to construct approximately 150 feet of 15" lateral sewer on Main Street from its intersection at East Street, southerly, and transfer thereof \$750.00 from the Lateral Sewer Construction East Street to Main Street Account, or do or act anything in relation thereto.

Voted: that the Town authorize the Sewer Commissioners to construct approximately 150 feet of 15" lateral sewer on Main Street from

its intersection at East Street southerly, and transfer therefor the sum of \$750.00 from the Lateral Sewer Construction East Street account to the Main Street Lateral Sewer Account.

Article 7. To see if the Town will authorize the Sewer Commissioners to extend the Washington Street sewer lateral from the point voted under Article 9 of the June 19, 1934 Special Town Meeting Warrant, to a point opposite the Bird School and transfer therefor the sum of \$725.00 from the Washington Street Lateral Sewer Account, or do or act anything in relation thereto.

Voted: that the Town authorize the Sewer Commissioners to extend the Washington Street Sewer Lateral from the point voted under Article 9 of the June 19, 1934 Special Town Meeting Warrant, to a point opposite the Bird School and transfer the sum of \$725.00 from the Washington Street Lateral Sewer Account to the Washington Street Lateral Extension Account.

Article 8. To see if the Town will vote to appropriate by transfer the following amounts, or any portion thereof, to the Emergency Relief Account; \$1.43 from the Woodland Road Sidewalk Account; \$1,500.00 from the Interest Account; \$2,200.00 from the Sewer Assessment Fund, or do or act anything in relation thereto. (Total transfer \$3,701.43).

Voted: that the Town appropriate by transfer the following amounts totaling \$3,701.43 to the Emergency Relief Account:

\$1.43 from the Woodland Road Sidewalk Account.

\$1,500.00 from the Interest Account.

\$2,200.00 from the Sewer Assessment Fund.

Article 9. To see if the Town will vote to appropriate by transfer from the Interest Account the sum of \$725.00 or any portion thereof, for Fuel for Public Buildings, or do or act anything in relation thereto.

Voted: that the Town appropriate by transfer from the Interest Account the sum of \$725.00 for Fuel for Public Buildings.

Article 10. To see if the Town will vote to appropriate by transfer the sum of \$360.00 for special investigating work and travel expenses on all applications filed with the Emergency Relief Administrator, such investigations being compulsory under a ruling of the State Federal Administrator of the Emergency Relief Administration, or do or act anything in relation thereto.

Mr. Higgins, Chairman of the Appropriation Committee, stated that his Committee considered this only a part time job and therefore were recommending but \$120.00 for the remaining twelve weeks of the year as they considered \$10.00 a week sufficient.

Voted: that the Town appropriate by transfer the sum of \$120.00 from the Water Department, Cleaning Wells Account for special in-

vestigating work and travel expenses on all applications filed with the Emergency Relief Administrator, such investigations being compulsory under the ruling of the State Federal Administrator of the Emergency Relief Administration.

Article 11. To see if the Town will vote to appropriate by transfer the sum of \$364.00 from the Forest Fire Service and Salaries Account and \$100.00 from the Forest Fire Expense Account to the Fire Department Expense Account, or do or act anything in relation thereto. (Total transfer \$464.00).

Voted: that the Town appropriate by transfer the following sums totaling \$464.00 to the Fire Department Expense Account:

\$364.00 from the Forest Fire Service and Salaries Account.

\$100.00 from the Forest Fire Expense Account.

Article 12. To see if the Town will vote to raise and appropriate or transfer a certain sum of money to construct a cement concrete sidewalk on the easterly side of Pleasant Street from Woodland Road to Woodland Road, or do or act anything in relation thereto.

The Chairman of the Appropriation Committee stated that his Committee recommended that this article be indefinitely postponed. Mr. Libby, the town engineer, stated that he felt confident that he would be able to build this sidewalk but could not say at present just how.

Voted: that this article be indefinitely postponed.

Article 13. To see if the Town will vote to appropriate by transfer from the following accounts the following amounts, or any portion thereof, \$150.00 from Other Finance Offices; \$175.00 from the Interest Account to the Town Hall and Memorial Building Account, or do or act anything in relation thereto. (Total transfer \$325.00)

Article 18. To see if the Town will vote to change from Single residence district zone to business district zone the following described premises of Joseph and Sophie Versackas, or to so change any part thereof: Beginning at a Massachusetts Highway Bound on the southeasterly line of Main Street at the point of tangency of a curve with a radius of 1840 feet; Thence N 57° 32' 48" E, 230 feet along the southeasterly line of Main Street to a point; Thence S 32° 27' 12" E, a distance of 100 feet to a point; Thence turning S 57° 32' 48" W, and running a distance of 230 feet to a point; Thence N 32° 27' 12" W, 100 feet to the point of beginning. Said Main Street is shown on a plan entitled "Plan of Road in the Town of Walpole, Norfolk County, altered and laid out as a State Highway by the Department of Public Works, Division of Highways, December 26, 1923." (Petition of Joseph Versackas).

(Change from single residence district zone to business district

zone the property of Joseph and Sophie Versackas on Main Street).

Mr. Fitzhenry of the Planning Board reported that a hearing had been held by the Planning Board on this petition. He stated that it was the former "Nathan Fisher place," now known as the "Wickerpensett Inn" and this place was operating before the adoption of our zoning laws and could continue to operate indefinitely without being changed to mercantile zone. The Planning Board recommended that the change to mercantile zone be not made.

Frank N. Spear and Harry Mann were appointed Tellers and sworn by the Moderator.

Voted: to indefinitely postpone change of zoning as recommended under Article 18.

Affirmative 37

Negative None

The Moderator declared that motion to indefinitely postpone the change of zoning as called for under article 18 was carried.

Article 19. To see if the Town will vote to amend the motion passed at the Special Town Meeting on June 19, 1934 under Article 34 of the Warrant, which read "To see if the Town will vote to change from one family residence zone to mercantile zone the land owned by Frank and Frances Wright on the southerly side of County Road; beginning at a stake, the boundary marker of the land of Anthony Marine, and running 300 feet in a westerly direction along said County Road and 100 feet deep, or do or act anything in relation thereto," so that it will read as follows—To see if the Town will vote to change from one family residence zone to mercantile zone the land owned by Frank and Frances Wright on the southerly side of County Road; Beginning at a stake the boundary marker of the land of Anthony Marine, and running 300 feet in a easterly direction along said County Road 100 feet deep, or do or act anything in relation thereto. (Petition of Planning Board).

Article 19

On motion recommended by Mr. Fitzhenry of the Planning Board, it was

Voted: to amend the motion passed at the Special Town Meeting on June 19, 1934 under Article 14 of the Warrant so that it will read as follows:

"Voted: to change from one family residence zone to mercantile zone the land owned by Frank and Frances Wright on the southerly side of County Road; beginning at a stake, the boundary marker of the land of Anthony Marine, and running 300 feet in an easterly direction along said County Road 100 feet deep."

Affirmative 39

Negative None

The Moderator declared that the motion was carried.

Voted: that this meeting be dissolved.

SPECIAL TOWN MEETING

December 10, 1934

The Warrant was issued by the Selectmen under date of November 30, 1934 and was signed by Charles P. Roundy, Willis D. McLean, Thomas B. Ahearn, John Dalton and James H. Daggett, Selectmen of Walpole. The proper service of the Warrant was attested by Levi S. Thompson, Constable of Walpole. All the requirements of the statutes and By-Laws relating to Town Meetings were complied with.

Pursuant to the foregoing warrant, a meeting of the inhabitants of the Town of Walpole, qualified to vote in elections and town affairs, was held in the Auditorium of the High School Building, in said Walpole, on Monday, December 10, 1934.

The meeting was called to order at 8:00 P. M. by the Moderator, Henry W. Caldwell.

On motion made and seconded, it was

Voted: to waive the reading of the warrant.

Article 1. To raise and appropriate or transfer such sums of money as may be necessary to defray the regular departmental expenses of the Town for the year ending December 31, 1934.

On motion made and seconded, it was

Voted: that the sum of \$4.00 be transferred from the Street Lighting Account to the Town Clock Account.

On motion made and seconded, it was

Voted: that the sum of \$40.00 be transferred from the Highway Maintenance Account to the Town Engineer's Administration Account.

Article 2. To hear and act on the report of any Committee, to choose any Committee the Town may think proper and to transact any other business that may legally come before the Town.

No action taken under this article.

Article 3. To see if the Town will vote to request the Board of Assessors to make such abatement of 1934 taxes of the Multibestos Company as agreed upon in 1933 between Mr. Dewey and a Committee appointed at a meeting of certain Town officials which met in the Selectmen's Room, Town Hall, on November 21, 1933, or do or act anything in relation thereto.

Moved and seconded: that it is the sense of this meeting that the Board of Assessors shall make such abatements and adjustments of taxes to the Multibestos Company as will result in a total tax for 1934 of \$7,000.00, as agreed upon in 1933 between Mr. Dewey and a Committee appointed at a meeting of certain Town officials which met in the Selectmen's Room, Town Hall, on November 21, 1933, and that the Board of Assessors shall be and hereby is requested to act accordingly.

Mr. Frank L. Gould, Chairman of the Board of Assessors, then read a letter which his Board had received from Tax Commissioner, Henry Long, in reference to the subject matter of article three of the warrant for this meeting, the letter in substance stating that the town could not instruct the Assessors in this matter as the Assessors alone had the right to make abatements and adjustments of taxes.

Mr. Welsh, Attorney, in answer to a question asked relative to abatement of taxes, explained the method of assessment and abatement of taxes as made by the Assessors.

Mr. Roundy, Chairman of the Selectmen, read a letter received from Mr. P. R. Allen, President of Bird & Son, who could not be present at this meeting, in which he stated he hoped the taxes for the Multibestos Company would be abated for the year 1934 in accordance with the agreement made between the Special Committee of the Town and Mr. Dewey of the Multibestos Company in 1933.

Mr. McLean, Clerk of the Selectmen, read a letter which Mr. Henry P. Kendall, President of the Kendall Company, had sent to Mr. Caldwell to be read at the town meeting. In his letter Mr.

Kendall stated he hoped that the sense of the meeting will be that the Multibestos taxes for 1934 should be no higher than in 1933.

A general discussion on the subject of the article then followed.

Mr. Riordan, member of the Board of Assessors, opposed any further reduction in taxes to the Multibestos Company as he did not think it would be fair to other tax payers.

Mr. J. C. O'Brien thought the matter should be placed in the hands of the Assessors as it was poor policy and a bad precedent to establish in having the Town take action on this matter. Dr. Banks was also in favor of leaving the matter to the Assessors to settle. Mr. Aho was opposed to granting this abatement.

Mr. Higgins, Chairman of the Appropriation Committee, stated it was the sentiment of his committee that the town should carry out the three year plan relative to the taxes of the Multibestos Company as made in 1933. He referred to the Committee appointed in 1933 of which the Chairman of the Assessors was a member and said the Assessors were glad then to get the opinion of the Town. He did not feel that any pressure was now being brought against the Assessors, the only thing that the town wanted was to see that the right thing is done.

Mr. Whiting stated it was a hard question to decide the real valuation of this property but he was in favor of this abatement being granted as he felt that other towns would be willing to pay in order to get this plant to move to their town.

Mr. William E. Hale was in favor of the abatement being granted and felt every other taxpayer would be willing to share extra expense in order to keep this plant in town.

Mr. T. Edward Kannally was opposed to this abatement being granted unless a similar reduction in valuation was made to every taxpayer.

The question was then put to a vote and it was

Voted: that it is the sense of this meeting that the Board of Assessors shall make such abatements and adjustments of taxes to the Multibestos Company as will result in a total tax for 1934 of \$7,000.00, as agreed upon in 1933 between Mr. Dewey and a Committee appointed at a meeting of certain Town Officials which met in the Selectmen's Room, Town Hall, on November 21, 1933, and that the Board of Assessors shall be and hereby is requested to act accordingly.

Voted: that this meeting be dissolved.
